RENEW Your Windows

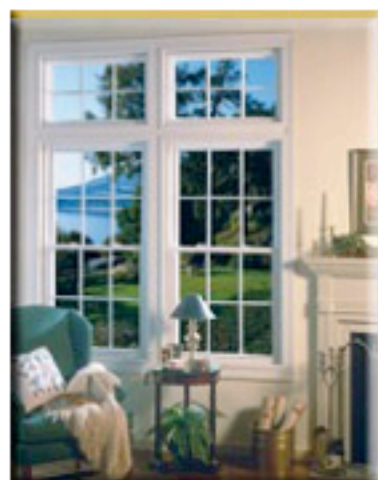

SilverLine by

ANDERSEN

Come take a look at a quality Vinyl window that is energy efficient and durable. These windows are fusion-welded vinyl construction and have attractive designs that create an appealing look for your home. Very low maintenance.

Here are some of the benefits:

- Multi-Chambered frame and sash provide increased rigidity and energy efficient
- Dual weather stripping creates an energy efficient weather tight seal
- Hardware features simple, unobtrusive designs that are color coordinated to blend with the window
- Designed and built for smooth opening closing
- Optional grilles are sealed inside the glass for easy cleaning

Visit our showroom to see the different styles you can choose from or visit our website at www.gladstoneswindow.com

Take advantage of up to a **\$1,500 tax rebate** and replace your windows now!
